

More about the speakers and news about the programme are available and are continuously updated on [www.nec2021.eu](http://www.nec2021.eu)

Dear Sir or Madam,

We would like to invite you to this year's NEC!

With the beginning of Chernobyl | Fukushima nuclear disasters 35 | 10 years ago, part of the nuclear industry's construction of lies collapsed. But it isn't only this disastrous misjudgment in the area of risk assessment that is a warning feature of the nuclear industry. The use of nuclear power is always based on fanciful tales, that have already been exposed as unrealistic, as incorrect prognoses, as brazen presumptuousness, as fatal self-overestimation. As lies.

Nonetheless, the nuclear lobby is trying to succeed again in the wake of climate change, especially the younger generation Fridays for Future is openly being manipulated by the advertising machinery. It is therefore particularly important to us to draw the balance of both proven as well as foreseeable failures: explaining old, already unmasked tricks and refurbished propaganda - for everyone who has maybe already forgotten about this – or just had not known yet!

**Simultaneous translation into English, German and Czech is guaranteed.**

**As always, the conference is free of charge, registration for it is possible until April 27 at [post@atomstopp.at](mailto:post@atomstopp.at)**

Since its first edition in 2014, the annual Nuclear Energy Conference has become a permanent fixture and popular meeting place for the international anti-nuclear movement as well as for the interested civil society. Under the given circumstances, NEC2021 will take place as an online conference. Of course, this form cannot replace a face-to-face meeting. What is favorable, however, is that there is no need for time-consuming, laborious and possibly cost-intensive journeys.

Whether just for listening or getting involved and having a say: We look forward to many curious and ambitious participants!

With best regards,

Roland Egger

## Programme

**12:30 – Opening of the virtual conference room**

**13:00 – Opening statement and introduction**

**Landesrat Stefan Kaineder** (Councillor of Upper Austria for the Environment)  
& **Dalibor Stráský** (Anti-Nuclear-Appointee of Upper-Austria)

**13:30 – Alexander Rosen, Keynote, Germany**

Paediatrician and paediatric rheumatologist, IPPNW Germany

Playing down the Risks of Atomic Energy - a Story Written on People's Backs: Chernobyl and Fukushima - Not yet fully Told

**14:10 – Albena Simeonova, Bulgaria**

Environmental activist, organic farmer, Head of the Executive Board of the Foundation for Environment and Agriculture in Bulgaria (FEA)

Eastern Europe – a Perfect Playground for Nuclear Stakeholders

**Q & A / Break**

**15:10 – Sigrid Stagl, Austria**

Economist, Chair of the Department of Socio-Economics at WU in Vienna

The Emperor's new Clothes: Nuclear Power and EU-Taxonomy

**15:40 – Eva Stegen, Germany**

Energy Consultant / Energiewerke Schönau EWS

Refurbished Propaganda of an Expiring Industry – how the Nuclear Lobby abuses Climate Change

**Q & A / Break**

**16:40 – Arnie Gundersen, USA, South Carolina**

Engineer and former corporate officer in the atomic industry – Whistleblower since the 1990s; Together with Maggie Gundersen operation of NPO ‚Fairewinds Energy Education‘  
National & International Nuclear Regulators. Who Do They Protect? Not People, but the Atomic Industry. View from an Insider & Whistleblower

**17:10 – Linda Pentz Gunter, UK / USA, Maryland**

Founder and international specialist of NPO ‚Beyond Nuclear‘

The forgotten human faces of the Atomic Lie: to begin at the beginning

**Panel and audience discussion until 19:00**
